Safety Instrumented Systems – A How to Primer:

We thank our presenter, Ken O'Malley, P.E., CFSE, VP of Operations for AE Solutions, who shared his experience on the application and design of Safety Instrumented Systems for our March meeting. Our original guest speaker, Mr. Mike Scott, P.E., CFSE, was unable to attend. The presentation prompted a lot of discussion from the audiences on safety system automation.

53rd Annual Greenville County & SC Regional Science & Engineering Fair

We supported the 53rd Annual Greenville County and South Carolina Regional Science and Engineering Fair by judging and presenting four \$50 cash prize awards for experiments best representing issues addressed by practicing chemical engineers. Recipients were Charl Coester, Shannon Forest, "Sour Candy – How it affects Braces"; Ion Garcia, Greenville Middle, "Inactive Ingredients in Pedialyte"; Ryan Smith, Langston Charter, "Paddle Battle"; and Ethan Walker, Creekview, "Waste Asphalt Shingle Reclamation".

Plant Tour

Our next meeting is a plant tour to Air Products Polymers, L. P. Air Products is a world-class adhesive/emulsions facility located SW of Greenville, SC. The company is a joint venture between Air Products & Chemicals, Inc. and Wacker Chemie AG. This particular facility in Greenville produces water-borne pressure sensitive adhesive and emulsions for the North American paper label and coatings market.

The plant tour will include viewing of the production lab and distribution facilities. Feel free to park anywhere in the parking lot when you arrive to the facility. Air Product's Asset Management Engineer, Dana Keizer, will host the group tour.

PPE Requirements:

Leather closed-toe shoes, ladies should wear slacks. Hard hats, safety glasses and Nomex smocks will be provided for the tour.

Dinner Details:

Dinner will be catered by Henry's Smokehouse 3-Way Buffet. This includes Pork, BBQ Ribs & Chicken, with beans, coleslaw, buns, sauce, tea, pickles, and dessert.
