Driving Machines

The BMW tour was fascinating. As chemical engineers, we were a bit disappointed about not being able to tour the paint shop but the video presentation preceding the tour showed some highlights.

We toured the body shop, assembly line, and final inspection areas observing the cars being put together by 'associates' and robots to produce the final products, the Z4 and X5.

Unfortunately BMW ran out of free samples the day before our tour.

Science & Engineering Fair

The Greenville County & SC Region 1A Science & Engineering Fair Junior & Senior Division sponsored by Roper Mountain Science Center & the Rotary Club of Greenville will be held Wednesday, March 19 at the Pavilion.

Two volunteers are needed to judge the competition from 11 am to 2 pm the day of the fair. One volunteer is needed to present awards on Tuesday, March 25 at 7 pm.

Contact Anne Dieska at 627-5741 or via email anne.dieska@us.michelin.com.
