## January Meeting – Thank You: Leadership in Project Management

We thank Mr. Tom Moran, Project Director at Fluor Corporation for speaking to us in January. Tom has 30 years with Fluor in engineering, engineering management, marketing coordination and project management. He spun together his Fluor experiences with his Boy Scout leadership training; to provide real world insights into the distinction between executing the management function and providing leadership to a technical organization.

## National Engineers Week

**Kids Engineering – Making it Matter** is the name of the hands on Science Workshop scheduled for **February 11th, the Second Saturday at Roper Mountain Science Center**. This is produced by **WSCAIChE**, in conjunction with Fluor engineers. During National Engineers Week, engineers across the nation host activities which introduce engineering and science principles to youngsters. This excellent science workshop will last from 9 am to 1 pm; and will be geared primarily to the 8 – 12 year old, *Tween* age group. **Jr. Girl Scouts** may earn the **Making It Matter** badge, while **Webelos Cub Scouts** may earn their **Engineering** activity badge. Volunteer are always welcome. Please send email to [sec@wscaiche.org](mailto:sec@wscaiche.org). to obtain further details.

## Meeting Notice

### Biosensors and Clemson

Our February meeting will address current topics in Clemson Research. The speaker for the February meeting will be Clemson's newest faculty member, Dr. Anthony Guiseppi-Elie, Sc.D. He will speak about his latest work on biosensors.

Dr. Guiseppi-Elie joined the Clemson faculty in January of this year and is the Dow Chemical Professor and Director of the Center for Bioelectronics, Biosensors, and Biochips (C3B). He was previously a research scientist in Biomedical Engineering at Johns Hopkins University School of Medicine; and he completed his post doctoral work at MIT.
