## FUJI Plant Tour Greenwood, SC

We would like to thank WSCAICHe members Mr. David Hine and Mr. Larry Lake for arranging the tour of Fuji Photo Film, Inc., located in Greenwood, SC. After a fine catered meal of lasagna, salad, and cheesecake, we viewed an overview promotional film about the site; then toured the lithographic printing plates building. The site is the manufacturing facility of many *Fujifilm* products in the US. These include 35 mm film, photo paper, *QuickSnap*(r) cameras, and lithographic printing plates, among others. It has been in existence since 1989, and has approximately 1500 employees.

## Spring Social - Wine Tasting!!

The spring social will be a wine tasting adventure at *The Wine and Cheese Exchange*. The owner, Don Thode, will present seven wines from the Central Coast area of California. These wines represent some of the best and least known wines being produced in California. We will sample three whites and four reds. In addition to cheeses, wine crackers, and French bread, we will enjoy heavy hors d'oeuvres to enhance the tasting event. In addition to normal discussion and descriptions of the specific wines and wineries, Don will also present some inside the industry data on the ever growing problems surrounding the use of natural cork: what is going wrong, its financial impact on growers, retailers, and consumers, and what the industry plans to do about the problem.

## Reflections From the Chair

This has been another great year for the WSCAICHe. We had an excellent plant tour at Fuji Films. We also hosted a delectable traveling tour from Hershey Chocolates. The speakers over the past year have been interesting, well received, and relevant. How interesting was it to learn about Clemson's ICAR; and its impact on our community. We have given back to the local community by supporting the Clemson ChE department; as well as the school district's Science Fair competition.

I want to thank the officers for planning and working to realize the plan. Our executive committee members Mary Ferris and Rick Vogel were instrumental in helping to plan and execute the program over the past year. Eugene - Mr. Webmaster - Gill, is the go-to guy to help make things happen. Jim Young, our secretary, David Harshbarger, our treasurer and Ann Marie Jones, our Vice chair were all part of our very successful and fun team. It all goes to show that teamwork makes these tasks enlightening and a pleasure.

This year's remaining program, our trip to the Wine and Cheese Exchange promises to be a lively and fun filled evening.

Also importantly, please vote; and if you so desire, write yourself in as a candidate for one of the positions.

Following the last meeting for the spring, we will recess for the summer months and resume in September. The executive committee meets during the summer to plan the program for next year. If you have any suggestions or ideas for meeting topics, plant tours, or activities, contact any officer. It's your section; your suggestions are always welcome!

Finally, if we don't see you at the social, have a safe enjoyable summer. We look forward to seeing you next year.

Regards,  
John Moore  
Chair
