April Meeting – Thank You: Air Products Polymers, L.P. Plant Tour –

Our special thanks to Dana Keizer, Technical Manager, for hosting our tour and coordinating our dinner catered from Henry's Smokehouse. We had a great turnout and a great time!

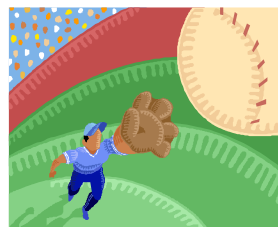

Air Products Polymers, L.P. is a world-class adhesive/emulsions facility. Our WSCAICHe tour group had the opportunity to visit the production lab and distribution facilities. The company is a joint venture between Air Products & Chemicals, Inc. and Wacker Chemie AG. This particular facility in Greenville produces water-borne pressure sensitive adhesive and emulsions for the North American paper label and coatings market.

A Look Back \$

It is hard to believe that this year of AIChE has almost come to the end. We had a great year of fun, social activities, networking, and good learning experiences from our guest speakers. On the lighter side, to kick off our first meeting, we had career building advice by Mr. John Spray. We had very technical presentations on such topics as "Gas eXpanded Liquids" by Clemson University professor Dr. Christopher Kitchens. Our other topics included Design of Experiments by Magali De Macedo of Fluor; Hydro-Power Production by Virgil Hobbs with the Corps of Engineers, Alternative Fuels with Osman Aboul-Nasr from Fluor; and Safety Instrumented Systems with Ken O'Malley from AE Solutions. Air Products' Dana Keizer hosted a wonderful BBQ dinner and plant tour.

Our "Kids Engineering" Workshop held at Roper Mountain Science Center was a lot of fun. We had an outpouring of volunteers and the event was a great success! This year, WSCAICHe also became a Bronze Sponsor for Greenville County and South Carolina Regional Science and Engineering Fair. We gave out four recognition awards to students with outstanding engineering-related projects. As in the past, we also awarded a \$1,000 to a rising Clemson University senior this year.

So, many thanks to our officers for your efforts in making our AIChE local chapter have another successful year. A special thank you and appreciation to the following people:

- % **Air Products Volunteers that help out in all our events**
- % **Executive Committee – Mary Ferris, Ann Marie Jones, John Moore, James Young**
- % **Webmaster – Eugene Gill**
- % **Treasurer – David Laursen**
- % **Secretary – Rick Vogel**
- % **Vice-Chair – Teresa Cheung**
- % **Chair – David Harshbarger**

After our May social, we will recess for the summer months and resume in September. The Executive Committee will meet during the summer to plan the program for next year. We wish you a wonderful and safe summer. Please e-mail any of our officers with suggestions or ideas to make our next year's program even better and more exciting.
